1 October 1957

Dear Sid:

Attached is Hycon's proposal for training of your personnel under BC-200. The Contractor has been authorized to proceed per your request dated 17 September 1957.

Please advise as to whether you feel the \$6,075.00 is reasonable for training two AF technicians in this eight (8) week course, and should be added to the contract.

Very truly yours,

Dan
